

CHANGE IN FILE STATUS  
APPROVAL FORM

DATE January 16, 1987

CURRENT FILE NO. ACT/037/045

RECOMMENDED FILE NO. INA/037/045

COMPANY AND MINE NAME White Mesa Uranium Mill, Energy Fuels Nuclear

REASON FOR CHANGE IN FILE STATUS

The Division permitted this operation so that a reclamation bond could be posted with the State rather than the NRC. The mill was sold to Union Carbide in January, 1984 and the Contract Bond between the Board and Energy Fuels Nuclear expired on August 31, 1984. The mill operator posted a corporate guarantee in November, 1984 with the NRC.

*Continued reclamation of this mill (which is not associated with a specific mine) rests with the NRC permit.*
